Public Display of Affection

We love you Japan. This red dress is an interpretation of love. It is inspired by the beautifully dressed Japanese cartoon heroines I have always loved. Please continue to dream beautiful dreams. Arigato!

Co-Cane

A cane for two. Inspired by the mutual support that gives a great sense of security within our relationships. It aims to remind us how important it is to have someone beside us both in good and bad times. It expresses the gratitude to your loved ones as your knuckles touch. Warning: Co-Cane may not be addictive but may cause a dependence. Use often and when needed.
